Projects

Web Development Project: Craft Store 01/23 - 02/24

- Introducing the online craft store platform, carefully designed for effortless browsing and purchasing of handmade products.
- Featuring a modern design, secure checkout, and integrated user management, this platform connects artisans with global craft enthusiasts.
- Leveraging HTML, CSS, and PHP, it provides a seamless, intuitive shopping experience for unique, handmade items.

Web Development Project: Travel Partner Finder Website 07/24 - 08/24

- Meet Travel Mate, your ultimate travel companion finder.
- This innovative platform connects adventure-seekers, offering seamless trip planning, intuitive search, secure messaging, and profile management.
- Built with HTML, CSS, JavaScript, and PHP, Travel Mate fosters global connections and effortless exploration.
